

Checklist: Go Bag

The Go Bag is a travel tool to help you remain comfortable during an evacuation (think 24-72 hours), rather than long-term survival.

The **Go Bag** -

- ✓ Allows you to move hands-free
- ✓ Does not draw attention
- ✓ Know what you have and where to find it
- ✓ When items are used, refill at next possible occasion

The content of the Go Bag may vary depending on your location. Consider these categories when you are packing the Go bag specific to your destination. Be aware that you might need several go bags depending on your daily activities. You may consider leaving one at home and one at your office location.

- Maps:** Embassies, Hospitals, police stations, airports, assembly areas, possible evacuation routes etc.
 - Radio:** Battery or crank-operated
 - Cash** (ATMs may not be available during an emergency or evacuation)
 - Positive Identification:** passport, driver's license
 - Personal medical information & prescription medicines** (sufficient for extended evacuation)
 - First Aid Kit**
 - Water** (+ water purification and/or filtration supplies), water bottle(s)
 - Shelter:** Weather-appropriate clothing, sleeping bag
 - Signal:** Flashlight
 - Food:** Energy bars, beef jerky, crackers, etc.
